

Thursday 29 June 2006 10.30am - 5.00pm

An Open Day celebrating 25 years of scientific research at IGER North Wyke.

(Incorporating a LEAF field day)

Tour the field experiments
Engage with researchers and discuss:

- **providing options to meet both production and environmental targets**
- **meeting the biodiversity goals of agri-environment schemes**
- **staying within the Water Framework Directive and living with NVZs**
- **minimising nutrient and particulate losses from soils**
- **safeguarding the environment and reducing dependence on mineral fertilisers through better use of livestock manures**

Trade and affiliated organisations will be in attendance

Free admission

NORTH WYKE 25 I. G. E. R. 1981 - 2006

IGER

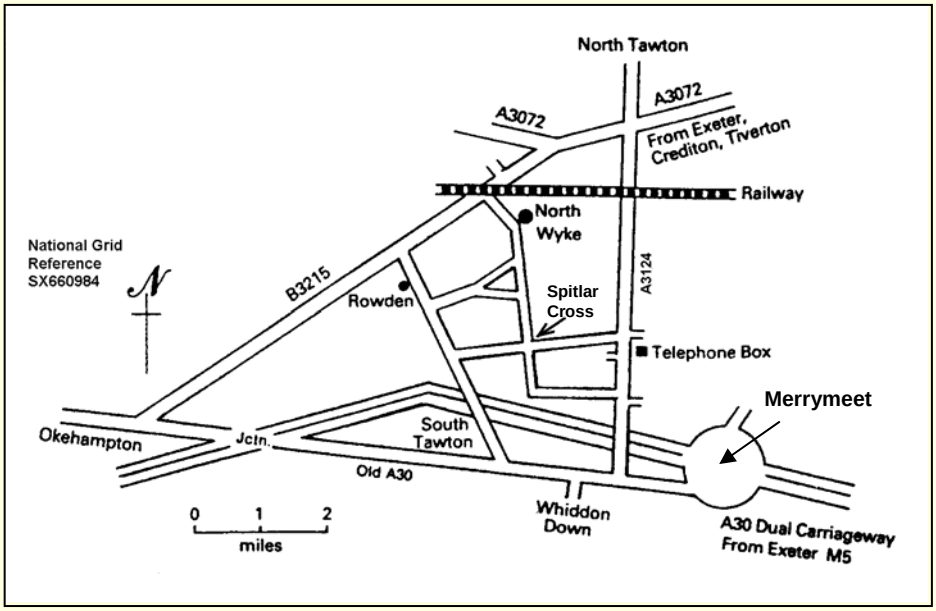

A LEAF Linking Environment And Farming INNOVATION CENTRE

Institute of Grassland and Environmental Research
North Wyke, Okehampton, Devon, EX20 2SB Tel: (01837) 883500
